LEHVOSS
Personal Care

LEHVOSS Personal Care

is your innovative supplying partner, offering a complete portfolio of cosmetic ingredients. This international experience applied to local markets allows us to adapt our offer to any specific need. We have Technical Expertise and, together with our Laboratory, Marketing and Regulatory Services, we aim at being recognized as your specialist solution provider. While strictly complying with European standards, LEHVOSS Group has its own in-house formulation research laboratory and regulatory department to guarantee a more personalized service.

Our customers can further count on our technical support in connection with the application of many raw materials we provide ourselves.

Faci is a global Group of Companies, active in the production and marketing of bio-based oleo chemical additives from renewable feedstock since 1943. The continuous desire and propensity for finding the best balance between quality, competitiveness and sustainability is the driver of their daily activities and has existed in the company's culture since its foundation. The keys to their success are continuous technical development, close attention to the quality standards of chemicals and production process, an open-minded approach to local and international markets and a close cooperation with the customers.

The Partnership

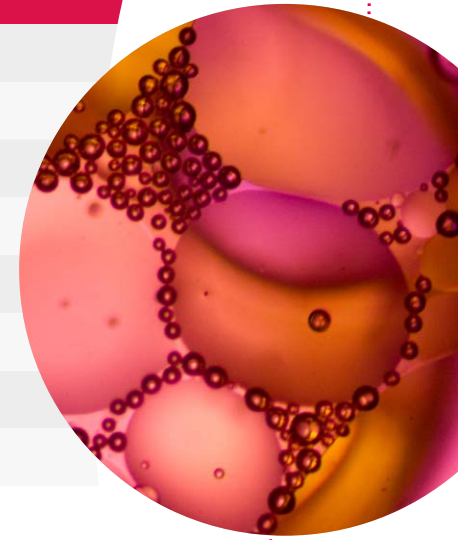

Thanks to a common great interest to the Personal Care market and the close cooperation with customers, LEHVOSS Personal Care e FACI have built a new European collaboration sharing experience and ideas on product innovation and ingredient application expertise.

We work together to support the evolving cosmetic manufacturers ingredient needs offering extensive formulation knowledge, high quality standard products adhering to environmental and social responsibility requirements.

Metallic Soaps

| Product Name | INCI | Physical Form | Rheology modifier/ Viscosity controlling | Emulsifier/Stabilizer | Pearlizing/ Opacifying Agent | Anticaking Agent/ Dry Binder | Surfactant | Lubricant |
|-----------------------------|---------------------|-------------------|---|-----------------------|---------------------------------|---------------------------------|------------|-----------|
| Aluminium Stearate M-132 HG | Aluminium Stearate | Powder | ◆ | | | ◆ | | |
| Zinc Stearate S/SP | Zinc Stearate | Powder/Microbeads | ◆ | | | ◆ | | ◆ |
| Calcium Stearate S/SP | Calcium Stearate | Powder/Microbeads | | | | ◆ | | ◆ |
| Magnesium Stearate S/SP | Magnesium Stearate | Powder/Microbeads | | | | ◆ | | ◆ |
| Sodium Stearate S/SP | Sodium Stearate | Powder/Microbeads | ◆ | ◆ | | | | |
| Potassium Stearate | Potassium Stearate | Powder | ◆ | ◆ | | | ◆ | |
| EGDS | Glycol Distearate | Microbeads | | | ◆ | | | |
| Magnesium Myristate | Magnesium Myristate | Microbeads | ◆ | | ◆ | ◆ | | |

Esters

| Product Name | INCI | Physical Form | Emollient | Skin Conditioner | Emulsifier/Stabilizer | Hair Conditioner | Solvent - Carrier Viscosity Controller | Dispersant | Film Forming |

Environmental point of view

-Palm Oil position paper

The FACI Group identifies the urgent need to protect habitat for wildlife threatened by unsustainable palm oil production and believes that the palm oil industry plays an important role in employment and economic growth for developing countries. Unsustainable palm oil production results in massive deforestation, rapid biodiversity loss in tropical ecosystems and significant greenhouse gas emissions. Global consumption of palm oil and its derivatives is increasing, requiring strong conservation action to save species.

Additionally, the commitment of political and business leaders at the regional and local level could evolve into a successful and sustainable development plan for the palm oil industry.

It is critical that the agents involved in the palm oil supply chain will collaborate and work in an environmentally sustainable and responsible way.

The purpose of this paper is to define the FACI Group position on those issues and to describe better the achievement through its own supply chain and through its business activities, regarding:

- ZERO DEFORESTATION
- ROUNDTABLE ON SUSTAINABLE PALM OIL (RSP0)
- TRACEABILITY
- HUMAN RIGHTS INCLUDING LABOR RIGHTS
