## INTRODUCTION

Staying active without compromising with your own style requires the best cosmetic formulations and you will give them a hard time: they need to be light but last even after intense workout sessions, to resist to sweat, water and change in temperatures and to protect your skin with high SPF level for outdoor activities.

Achieving those outstanding properties is not magic, it is a science that requires the most efficient ingredients, and our Orgasol® powders are definitely one of them.

Learn how to formulate the most efficient Athleisure formulations with our :ATTRAKTIVE collection and how our Orgasol® powders will bring your cosmetics to the next level.

# **PHOTO FINISH**

## LIQUID FOUNDATION

# PHOTO FINISH

## LIQUID FOUNDATION

Photo Finish is a liquid lightweight foundation and a natural matte finish for Active women. It is ideal for outdoor activity with its SPF50.

Photo Finish features Orgasol® 4000 EXT NAT COS CARESSE. It brings velviness upon application while keeping a natural skin glow and a homogeneous color even when working out. Helps active women look good even when exercising. Shake bottle well before use.

### Procedure :

- Weigh phase A and heat the mix at 80°C.
- In a second vessel, heat phase B at 80°C.
- In a third vessel, mix phase C under moderate stirring at room temperature.
- Before emulsion: Add phase C to phase A during 30 min under moderate stirring until homogenization.
- Emulsion at 75°C: Add phase B into phase A+C under high stirring during 15 min.
- Cool to room temperature under low stirring.
- Add phase D during 10 min under low stirring.
- Add phase E under low stirring until homogenization.

Phase	Ingredients (INCI Name)	%	Function
A	DIMETHICONE	12.22	Emollient
A	ISOHEXADECANE	8.00	Emollient
A	POLYGLYCERYL-3 DIISOSTEARATE	3.00	Emulsifier
A	EUPHORBIA CERIFERA CERA WAX	1.00	Emollient
B	AQUA (WATER)	10.30	
B	MAGNESIUM SULFATE	0.70	Emulsion stabilizer
<b>C</b>	<b>ORGASOL® 4000 EXD NAT COS CARESSE: NYLON- 6/12</b>	<b>5.00</b>	<b>Skin feel Modifier</b>
C	TITANIUM DIOXYDE (AND) C12-15 ALKYL BENZOATE (AND) POLYHYDROXYSTEARIC ACID (AND) ALUMINA (AND) STEARIC ACID	40.00	UV filter
C	CI 77492 (AND) ISONONYL ISONONANOATE (AND) ETHYLENE/PROPYLENE/STYRENE COPOLYMER (AND) SORBITAN OLEATE (AND) TRIETHOXYCAPRYLYLSILANE	5.77	Pigment dispersion
C	CI 77491 (AND) ISONONYL ISONONANOATE (AND) TRIETHOXYCAPRYLYLSILANE (AND) ETHYLENE/PROPYLENE/STYRENE COPOLYMER (AND) SORBITAN OLEATE(AND) CI 77499	0.91	Pigment dispersion
C	CI 77499 (AND) ISONONYL ISONONANOATE (AND) ETHYLENE/PROPYLENE/STYRENE COPOLYMER (AND) SORBITAN OLEATE (AND) TRIETHOXYCAPRYLYLSILANE	0.27	Pigment dispersion
C	CI 77891 (AND) ISONONYL ISONONANOATE (AND) ETHYLENE/PROPYLENE/STYRENE COPOLYMER (AND) SORBITAN OLEATE (AND) TRIETHOXYCAPRYLYLSILANE	5.5	Pigment dispersion
C	PPG-15 STEARYL ETHER AND TOCOPHEROL	5.00	Emollient
D	PHENOXYETHANOL (AND) ETHYLHEXYLGLYCERIN	1.00	Preservative
E	PARFUM (AND) CITRAL (AND) LIMONENE	1.33	Perfume

**COOL DOWN**  
REFRESHING GEL

# COOL DOWN

## REFRESHING GEL

Want to recover after your workout session? Cool Down is a cooling gel moisturizer that instantly refreshes hydrates and comfort your face.

It looks like fresh snow, with a fun crunchy feel under the fingers. It releases a blissful dew upon application – the wax is seemingly magically absorbed and leaves a sensation of freshness and lightness.

The quick break effect, fast absorption and the smooth powdery after feel are delivered by Orgasol® 4000 EXD NAT COS CARESSE.

### **Procedure :**

- Weigh phase A and heat the mix at 80°C.
- Introduce A2 into A just before emulsion.
- In a second vessel, heat phase B at 80°C.
- Add B2 to phase B.
- Emulsion at 75-80°C: In 1 minute introduce phase B into phase A under low to moderate stirring.
- Then add C during another minute under moderate stirring.
- Pour immediately around 70°C.

Phase	Ingredients (INCI Name)	%	Function
A1	CYCLOPENTASILOXANE (AND) DIMETHICONE (AND) DIMETHICONE/VINYL DIMETHICONE CROSSPOLYMER (AND) PEG-10 DIMETHICONE	4.00	Emulsifier
A1	DICAPRYLYL CARBONATE (AND) TOCOPHEROL	2.00	Emollient
A1	STEARYL HEPTANOATE (AND) STEARYL CAPRYLATE	3.50	Emollient
A1	OZOKERITE	3.00	Emollient
A2	CYCLOPENTASILOXANE	5.00	Emollient
B	AQUA (WATER)	73.00	
B	SODIUM CHLORIDE	0.50	Emulsion stabilizer
B	GLYCERIN	3.00	Humectant
B	PROPANEDIOL	2.00	Humectant
B	AQUA (WATER) (AND) SODIUM BENZOATE (AND) POTASSIUM SORBATE	0.50	Preservative
B2	CITRIC ACID (10% AQUEOUS SOLUTION)	0.11	pH adjuster
<b>C</b>	<b>ORGASOL® 4000 EXD NAT COS CARESSE: NY-LON- 6/12</b>	<b>3.00</b>	<b>Skin feel Modifier</b>
